The following rules apply to all data in this folder:

- The data can only be used for purposes that fall within the scope of the course "Intelligent Systems in Medical Imaging" (ISMI).
- It is not allowed to distribute the data, including any derivatives of this data, to people not involved in the ISMI course or to third parties and neither is it allowed to distribute the data on the internet or similar.
- It is not allowed to use the data, including any derivatives of this data, for commercial purposes.
- You are required to delete the data, including any derivatives of this data, after you finish/stop with the ISMI course.
- As this data is anonymized and thus not supposed to contain patient information, you are required to report any findings that could compromise patient anonymity.

Questions about data usage may be directed to joep.kamps@radboudumc.nl.
